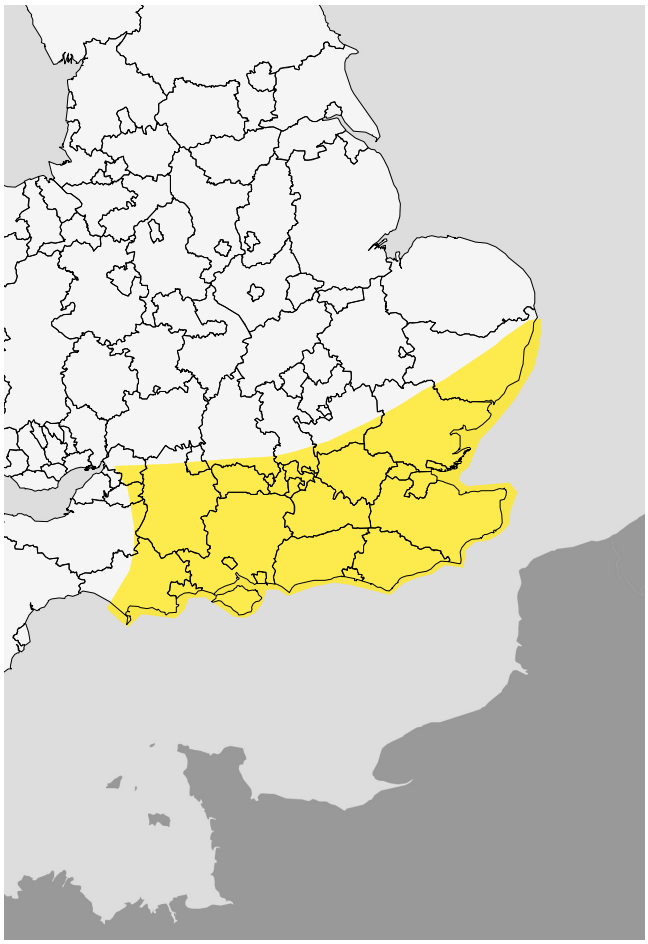
Yellow warning
Ice

Between
18:00 Tue 17 Jan 2023 and
10:00 Wed 18 Jan 2023



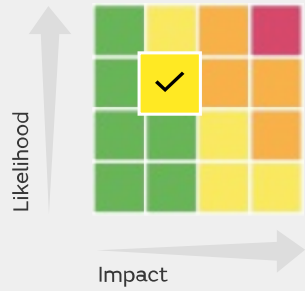
Ice is likely to cause difficult driving conditions overnight into Wednesday morning.

What to expect

- Some injuries from slips and falls on icy surfaces
- Icy patches on some untreated roads, pavements and cycle paths

Further details

Following the recent very wet weather, sub-zero temperatures overnight will mean that any water seeping onto roads will continue to freeze, leading to icy stretches, particularly, but not exclusively on untreated surfaces.



Medium likelihood of low impacts

Issued at 10:21 Tue 17 Jan, 2023
